Creating Professionals in Development Practice...

What is MDP?

The Master of Development Practice (MDP) of the University of Peradeniya is an internationally recognized, two-year, graduate-level professional degree programme, designed to equip students with the knowledge, skills and perspective needed to address complex development challenges.

Who is it for?

Individuals with an interest or background in development management, public policy, public administration, education, and related areas.

Who can apply?

Individuals with an undergraduate degree or (equivalent) in management, social sciences, humanities, health sciences, natural sciences, agriculture, engineering, and law OR a diploma with relevant work experience, AND English language proficiency.

Career Prospects

Local and Global—in national and international development agencies, NGOs, research institutes, government departments, financial institutions, private companies, media and civil society.

Selected Courses

Foundations of Sustainable Development, Human Impact on the Natural Environment, Introduction to Public Health, Community Development and Social Dynamics, Principles of Leadership, Geographical Information Systems for Development Practice, Gender and Human Rights, Microeconomics of Development, Economic Policy Analysis, Budget Planning, Financial Management and Commodities Management, Equity and Health, Nutrition and Population, Energy and Environment, Sustainable Agriculture, Forestry and Fisheries, Urban and Rural Infrastructure, Financial Evaluation of Projects under Certainty and Uncertainty, Disaster Management, Climate Change in South Asia, Integrated Coastal Zone Management, Contemporary Issues in the Regional and Global Economy
