# Academic Programs

## Master of Public Policy (MPP)

The Master of Public Policy (MPP) program is designed to provide global perspective and professional expertise in public policy areas. The program is highly regarded both in and outside of Korea, particularly among developing nations and government officials. The faculty with outstanding research backgrounds and empirical knowledge offers a leading curriculum that integrates theory and practice. The highly diverse student composition provides a unique educational environment. Both domestic and international students from all walks of life, including the government, the media, and NGOs are able to share ideas, knowledge and experiences, and build a dynamic global network.

### Academic Goals

- Expand policy-makers' capability in policy planning, analysis and implementation
- Foster professionals in the field of economic and social policies

## Master of Development Policy (MDP)

Based on the KDI's hands-on experience on development policy of over 40 years, the Master of Development Policy (MDP) program offers a curriculum where students can examine various issues of socio-economic development in both theoretical and practical frameworks. The program is specifically targeted for international professionals, including government officials, development consultants, and regional specialists who wish to contribute to development policy-making. The program is also focused on fostering professionals in the field of the official development assistance (ODA).

### Academic Goals

- Build capacity in designing and implementing economic and social policies of developing countries
- Train professionals in the field of official development assistance (ODA) and international development

## Master of Public Management (MPM)

The MPM seeks to fulfill policy management needs in today's global environment through an integrative education program that covers various facets of management and leadership in both public and private sectors. The aim of the program is to nurture professionals who can successfully navigate and manage the complexities of global and private policy environments, make preemptive decisions to deal with the challenges, and have the capacity to put them into action.

### Academic Goals

- Improve comprehensive problem solving skills in public administration and management, with the help of reinforced understanding of global and private policy environment
- Foster high-quality public workforce capable of policy design and execution

## Ph.D. Programs

The KDI School offers Ph.D. in Public Policy degree and Ph.D. in Development Policy degree. The goal of the Ph.D. program is to prepare qualified candidates to produce cutting-edge research in their chosen field and to equip them with the skills they need to ascend to leadership positions in the public or private sector.

### Curriculum Tailored to Your Research Topic

The KDI School encourages Ph.D. students to take the initiative in shaping their own course of study, once they complete the required courses during the first 1-2 years.

### Faculty Involvement

The KDI School also encourages Ph.D. students to collaborate with the faculty on research projects. Along with an emphasis on supervised research courses, the KDI School provides an environment where students work closely with professors.

### Expected Target Students

The KDI School selects individuals with demonstrated potential for research. Applicants are also expected to have a research topic firmly in hand.
